RELEVANT EXPERIENCE

Chingu

Nov. 2020 – Jan. 2020

Front-end Developer

<https://chingu.io/>

- Developed a web application with ReactJS along with two other remote developers following agile methods
- Deployed application in different PaaS
- Paired programming with other developers from different countries

PROJECTS

Personal Website

<https://thecodingjohn.com/>

- Integrated with Spotify API to display a component that shows what track I am listening to
- Utilized JSX and SCSS for UI, and GSAP for animations

Photosnap

<https://photosnap-omega.vercel.app/>

- Applied semantic HTML5 tags for accessibility. Flexbox and grid for styling, and media query for responsive design
- Fast loading time both in mobile and desktop
- Used mobile-first approach

EDUCATION

Kodigo Code Camp

Aug. 2020 – Jan. 2020

Remote Full-stack Web Development Program

<https://www.kodigo.ph/>

- Completed capstone projects before the appointed time
- Collaborated with other developers

Philippine Merchant Marine School

June 2015 – May 2018

Associate's Degree in Marine Transportation

Las Piñas City

- Graduated with a GPA of 1.6
